

CCT Caddy

**A safer more powerful
cleaning solution.**

Our patented **Pure Aqueous Ozone technology** provides a worry free, safer, cleaning and sanitizing solution to quickly clean and deodorize any surface.

pure AQUEOUS OZONE

CleanCore's™ Aqueous Ozone works to keep facilities cleaner and is safer than bleach and traditional cleaning chemicals.

Simple, Safer, and Effective.

Aqueous Ozone converts back to air and water, reducing your carbon footprint. No storage, mixing, transporting, making it safe and simple to use.

TECHNICAL SPECIFICATIONS

Voltage	120 VAC
Amps	15A
Weight	95 lbs
Dimensions	25" x 18" x 40"
Flowrate	0.5 Gallons Per Minute (GPM)
Concentration	Quality Control checked to 1.0-1.5 Parts Per Million (PPM) ozone in solution
Spray Application Pressure	10 PSI
Water Source	Clean, cold, water

HOW DOES **pure** WORK?

AQUEOUS OZONE

Our technology takes cold tap water and infuses it with ozone gas to create our **Aqueous Ozone Solution**. CleanCore's™ patented technology creates a cleaning solution that contains a high concentration of dissolved ozone in the form of **Nanobubbles**.

MACRO/MICROBUBBLES Incomplete Surface Coverage

NANOBUBBLE Thorough Surface Coverage

- When sprayed onto a surface the CleanCore™ **Nanobubble** solution is attracted to soils, germs and other contaminants.
- Once attached to the contaminants the ozone solution eliminates them; converting back to air and water
- **Nanobubbles** increase the cleaning effectiveness by thoroughly covering a surface, as shown above.

pure

AQUEOUS OZONE

- No storage, mixing, transporting
- Cleaning and sanitizing with one application
- Converts back to air and water, reducing your carbon footprint
- A safer, healthier path to clean!
