

Our patented **Pure Aqueous** Ozone technology provides a worry free, safer, cleaning

and sanitizing solution to quickly clean and deodorize any surface.

Where Sustainability Meets Performance

CleanCore's[™] Aqueous Ozone works to keep facilities cleaner and is safer than bleach and traditional cleaning chemicals.

Simple, Safer, and Effective.

Aqueous Ozone converts back to air and water, reducing your carbon footprint. No storage, mixing, transporting, making it safe and simple to use.

TECHNICAL SPECIFICATIONS

120 VAC Voltage: 15A Amps: Weight: 95 lbs 25" x 18" 40" Dimensions: 0.5 Gallons Per Minute Flowing: Concentration: Quality Control Checked to 1.0-1.5 Parts Per Million (PPM) Ozone in Solution 10 PSI

Spray Application Pressure

Max. PSI with Boost Water Source

Up to 150 PSI Clean, Cold, Water

NEW FEATURES:

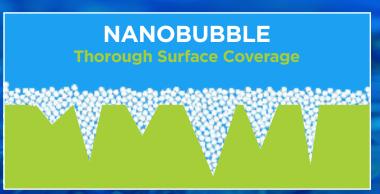

- ♠ PSI Boost Up to 150 PSI
- ♦ PSI Gauge
- ♠ PSI Boost Selector Switch
- Enhanced Spray Gun Including: O° Spray Tip for High Pressure 40° Fan Tip for Aqueous Ozone

HOW DOES PUIPE WORK?

Our technology takes cold tap water and infuses it with ozone gas to create our Aqueous Ozone Solution. CleanCore's™ patented technology creates a cleaning solution that contains a high concentration of dissolved ozone in the form of Nanobubbles.

- When sprayed onto a surface the CleanCore[™] Nanobubble solution is attracted to soils, germs and other contaminants.
- · Once attached to the contaminants the ozone solution eliminates them; converting back to air and water
- Nanobubbles increase the cleaning effectiveness by thoroughly covering a surface, as shown above.

- No storage, mixing, transporting
- Cleaning and sanitizing with one application
- Converts back to air and water, reducing your carbon footprint
- A safer, healthier path to clean!
